

9 Beach Getaway Packing Picks

Heroine Masks

\$36

These sparkly gold, black, and silver masks are perfect for your beachside night out. (When I wear them, I always receive compliments!) Plus, Heroine will donate three masks on your behalf when you buy this multipack.

Kenny Flowers Bikini

Prices Vary

When I need a sassy swimsuit for a weekend at the beach, I look to Kenny Flowers. I'm a huge fan of the tropical designs and variety of tops, bottoms, and one pieces. They even offer matching sarongs and cover-ups.

Supergoop! Defense Refresh (Re)setting Mist SPF 40

\$14-30

A few years ago, my friend who is an esthetician, suggested this makeup setting spray with SPF, and I've been hooked ever since. It smells great and goes on easy. Plus, it comes in a purse-size version and a larger 3.4-ounce size.

Vee Collective Tote

About \$260 (219 Euros)

Style meets function in the Vee Collective's medium tote. I love the shiny Silver Tyvek version, but this Berlin-based company offers up a variety of fun colors. The tote is water repellent and offers two large zippered compartments, extra subdivision pockets, and a detachable pouch for bonus storage. (FYI, the product ships from Europe, so factor that into your order time.)

Lululemon Hotty Hot Short II 2.5"

\$58

In 2019, I bought a pair of these shorts for running and fell in love with the length, built-in liner, and discreet pockets for a credit card and key. Since then, I've invested in four additional pairs. Enough said.

Tory Burch Thin Flip-Flop

\$58

Whenever I visit anywhere warm, I bring these thin, black flip flops. They go with everything. Simple but chic.

Beyond Yoga Just Chillin Long Sleeve Pullover

\$79

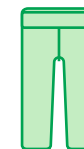

When you need a long-sleeve T because the AC is blasting to compensate for humidity and heat, I suggest this option with slits at each side. The black version looks at home whether you're at the barre or headed to brunch.

Spiritual Gangster Tanks

Start at \$48

"Shine Bright" and "Love Is My Superpower" — these are just two of the motivational sayings you might find on one of Spiritual Gangster's comfy-but-chic workout tanks. I'm a fan of the flattering fit of the cropped options.

Terez Magenta Stellar Hi-Shine Leggings

\$95

Shine like the star that you are in these midrise, sweat-wicking leggings. Not only does my pair make my legs and butt look brilliant, but they stay in place whether my workout involves spinning or barre.
